## Synopsis

Evil has a name and it's Dr. Regis Blackgaard! The small town of Odyssey will never be the same! When a man named Dr. Regis Blackgaard arrives to build an amusement house for kids, chaos and danger follow him. A top-secret government computer program is unleashed at Whit End. Tom Riley's barn burns to the ground. And that's just the beginning of the schemes that Dr. Blackgaard has planned for Odyssey and John Avery Whittaker. Follow the ever-twisting story in The Blackgaard Chronicles, a collection of thirty episodes following Whit's greatest nemesis. Along the way, the folks in Odyssey learn lessons about God's protection, sacrifice, forgiveness, salvation, and more. Once you start the story with A Bite of Applesauce, you won't want to stop listening until you hear the dramatic conclusion. The Blackgaard Chronicles contains 30 episodes on 10 CDs. Over 13 hours of entertainment.

## Customer Reviews

As a long-time fan of Adventures in Odyssey, the Blackgaard saga is my favorite on-going storyline in the series total. I've owned the tapes for several of the adventures contained in this collection, and listened to them so often some are close to breaking. Once I saw a chance to have all of the episodes and in CD form no less, I knew this would be a great thing to get and I was not disappointed. For those of you who have not heard any of the Blackgaard adventures before, this is

a wonderful deal, with 30 episodes in one set. The story is one of the best I've ever heard, Odyssey or otherwise. Not only is the storyline compelling and engaging, but there's wonderful writing, amazing voice acting (especially on the part of Nathan Carlson) and wonderful characterization. The story can get a bit intense, so you may want to preview it if you're planning on having someone younger than 10 listen to it, but it's by no means over-violent or scary. The lessons are good and flow well with the story; they don't feel shoehorned in or detract from the plotline. If you do own some or many of the adventures in this collection, I still would recommend it highly. It has a nice design, good artwork, and a durable but light and easy to open case. It not only has all the episodes in one place, but also a half-hour video about Dr. Blackgaard. It also has official artwork for several characters never given an official depiction, including fan (and my) favorite Richard Maxwell. All-in-all, I cannot praise this collection highly enough. If you are a fan of the Blackgaard saga, Adventures in Odyssey or just good and gripping stories in general, I would greatly recommend this collection. The episodes in this collection are: A Bite of Applesauce Eugene's Dilemma The Nemesis 1 and 2 The Battle 1 and 2 One Bad Apple Waylaid in the Windy City 1 and 2 The Homecoming A Rathbone of Contention Double Trouble Tom for Mayor 1 and 2 A Name, Not a Number 1 and 2 A Code of Honor Small Fires, Little Pools Angels Unaware Gathering Thunder Moving Targets Hard Losses The Return The Time Has Come Checkmate Another Chance The Last Resort The Final Conflict Blackgaard's Revenge 1 and 2

Amazing books...kids want to go on 5 minute drives to the bank to hear them, great for trips. Surprisingly I got into them. Christian focused, but non Christians would enjoy them as well, its not over the top and they are great action adventures about building character with good messages on how to act. Focuses more on Judeo Christian values- honesty, hard work, hanging in there, only occasionally does it talk about praying etc. Well worth it for any parent going on a long trip, or even regular short ones.

This is such an entertaining CD set. I love to listen to Adventures in Odyssey on the radio but I can never listen to the series in order so we ordered this for our vacation to South Dakota. I highly recommend it.

About 6 months ago Focus on the family sent me a sampler of Adventures in Odyssey. I didn't realize what a hit it would be with my children. I ordered this set based off the reviews, and they seem to really enjoy it. I would consider my kids to be somewhat sheltered, and it was just spooky

enough to make it fun. Great lessons, and excellent voice acting. I would recommend this for anyone with kids- good clean entertainment.

Just an FYI for parents: this set has a great storyline that makes it ideal for long road trips, etc. But as the series progresses, the episodes become darker and the sinister characters more frightening. Our 8-year-old was quite frightened by it for several days thereafter, although our older children thoroughly enjoyed it.

My 9 year old loves odyssey and listens to them before bed every night. He says this one is "cool but scary". He says its scary because they do a lot of mind control and a guy tries to put computer chips into someones brain. He likes them though!

Adventures in odyssey never disappoints

Our daughters love Adventures in Odyssey! We have a large collection of AIO on CD and have never been disappointed by any of them. They have thoroughly enjoyed listening to this series as well. Our family highly recommends ALL Adventures in Odyssey stories!
