## Customer Reviews

This is the book I keep with my horn. There are many bugle calls for daily ship activities. The instructional parts of the book are simple to follow. The practice exercises help build my breathing and tonal quality.

A cute little book that gives all the useful bugle calls. Page four seems to be missing though!

Has all of the info necessary.

A great supplement to teach Scouts how to play and to build flexibility. It provides a great set of drills to improve tone and versatility

Great book.

Delighted To Find This Book, Served In U.S. NAVY Many Years Ago, Anything NAVY Has A Special Meaning. I Have A Brass Bugle I Bought At A Military Surplus Store While Serving In Pensacola FL And Never Learned To Play It, But Just Might Now.

Great book, print is too small.

Good book- a bit surprised for a Military Manual that a few page numbers are off( but present elsewhere). Overall happy with purchase. Easy to follow and informative.
