"Putting up" preserves is one of the oldest culinary traditions, and Lupi, an Italian food editor, and Sorzio, head chef of a Venice hotel, serve up the gamut of centuries-old favorites, including orange-and-lemon marmalade, grape jelly, raspberry preserves, dried apples, canned tomatoes and pickles. This exhaustive guide, accompanied by tempting color photographs and illustrations, also offers less standard items like curried leeks, citron marmalade, fruit preserved in liquor and syrup, and with flowers (rose petal and apple preserves), and vegetable preserves (carrot and tomato jams). A small caveat is that some of the more exotic fruits and vegetables are difficult to procure.

Beginners will enjoy the valuable preserving tips and sample step-by-step recipes (grapes in grappa, artichokes in light brine, cauliflower in oil, button mushrooms in vinegar, sweet-sour onions, etc.). 'Tis the Season to Indulge Joyfully Season's Greetings! The words themselves bring to mind pictures of family gatherings, stores decorated with garlands and lights, traditional holiday songs, beautifully wrapped presents under a tree and, of course, the wonderful and unforgettable smells coming from the kitchen. It is during this time of year that once-a-year foods are prepared with an extra ounce of love for family and friends. It doesn't matter whether you're the one planning and cooking the special meal or one of the lucky ones who simply enjoys the scrumptious tastes and smells--there's something about the holiday season that brings childlike excitement to both adult and youngsters. "Season's Greetings" shows how to carry on holiday traditions in a changing world. For many, this classic cookbook is a tradition in itself. It's a cookbook for novice hosts who wonder how on earth they're going to feed the hordes of hungry relatives and friends. It's a cookbook for busy parents who wonder how to recreate the holiday excitement they remember from their own childhoods. Marlene Sorosky has created a rich assortment of classic and innovative recipes that will make all your holidays memorable, offering menus that bring them all together, as well as ideas for charming decorations and delectable gifts. Whether you're longing to recapture that time-honored holiday spirit or to invent some new family customs, you'll find delicious inspirations in "Season's Greetings." The one great thing about this cookbook is that it serves both the palette and the eyes, for it is beautifully illustrated with fabulous photographs by veteran photographer Geoffrey Nilsen. The contents covers such topics as: Fruitcakes, spirits, liqueurs and vinegars, pies, tea, holiday buffets, the night before Christmas dinner, and sweets from the sugar plum fairy.

Everything that I have made from it has been delicious. I have had it for a long time and bring it out each year for the Holidays. Love it!

I've had this book (first edition) since 1989; I used many of the recipes herein for a holiday buffet (I was younger & entertaining at that time). Her leftover turkey recipes are really interesting & tasty. Will be using some of them this year! I highly recommend any cookbook by Marlene Sorosky!

I bought this book on sale due to the food pictures in the book. A person who loves cooking usually

can tell if the author is good by looking at the pictures of the final product. What attracted me to get this book was her recipe for pick up drumsticks. That is the most simple recipe I had seen for baking up drumsticks that looked like they were fried. Other ideas in the book are also great and time saving. Our church always having special holiday dinner or special dinner gets together for revival meeting nights, etc. It is so hard to find people who are willing to cook for such large audience. This is a life saver for ladies who are in charge of the food for those special occasion, even for a Chinese church. I had already shared some of the recipes with friends at church and they just can't wait to try them out (This also include busy guys who help their wives out with cooking). I highly recommend you to get a copy of this book. END

my husband think it is amazing , 5 star. awesome and very well. It was a gift, they liked it a lot, works great. quickly.

Season's Greetings is a cookbook for Thanksgiving, Christmas and New Years. It has classics from Roast Turkey and Gravy to fruitcake. It also has unique recipes such as Cranberry Cream Pie, Thai-Inspired Turkey salad to Banana Chocolate Chip Scones. So far I've made the Peach fruitcake and found it quite divine. I didn't care for this book's layout. Recipes are placed in 3 descending columns, and are slightly difficult to read. I also would prefer more pictures of the various dishes, and at times the recipes didn't seem to fit the particular holiday or seemed rather generic. Overall, though this was a good book, well worth picking up for the Fruitcake recipe alone.

I received the original cookbook at my bridal shower in 1986. Every recipe is fabulous and turns out beautifully time and time again. The recipes are festive, flavorful and make lovely presentations. Now I give this book at bridal showers.

I immediately went out and purchased this book after attending a party in which the hostess presented a beautiful and tasty appetizer buffet using eight different recipes from Season's Greetings. The recipes are all eye appealing, delicious and in most cases easy to make. Recipes also include make-ahead tips. I highly recommend it for the beginner as well as the seasoned hostess.

Not only do I now have all of Marlene Sorosky's books, but I took cooking classes from her for several years prior to her writing. Her main objective was to do ahead so as to enjoy time spent with

guests. Accomplished! Marlene Sorosky's Cookery for Entertaining
