Smoke In Mirrors

Synopsis

A con artist and seductress, Meredith Spooner lived fast - and died young. Now it seems Meredith's last scam - embezzling more than a million dollars from a college endowment fund - is coming back to haunt Leonora Hutton. An email just arrived in which Meredith - in fear for her life - explains that the money is waiting for Leonora in an offshore account ... and a safe-deposit key is on the way. Leonora wants nothing to do with the tainted money. She's already been accused of being in on the theft by Thomas Walker - who, it seems, was a victim of Meredith's knack for both scams and seductions. Eager to prove him wrong, Leonora sets out to collect the cash and hand it over. But she discovers two other items in the safe-deposit box. One is a book about Mirror House - a mansion filled with antique mirrors, where Meredith engineered her final deception. The other is a set of newspaper stories about a thirty-year-old murder that occurred there - unsolved to this day. Now Leonora has an offer for Thomas Walker. She'll hand over the money - if he helps her figure out what's happening. Meredith had described Walker as "a man you can trust." But in a funhouse-mirror world of illusion and distortion, Leonora may be out of her league.

Jayne Ann Krentz is the author of fifty New York Times bestsellers. She has written contemporary romantic suspense novels under that name, as well as futuristic and historical romance novels under the pseudonyms Jayne Castle and Amanda Quick, respectively. She lives in Seattle.

Jayne Ann Krentz's latest romantic suspense brings together two unlikely lovers to investigate two

sets of murders that occur 30 years apart. Multiple readers can often enhance the experience of listening to an audiobook; however, in this case, the production sounds choppy and disjointed. Although both James Daniels and Aasne Vigesaa expertly act out their character's individual part, there are times when the editing leaves gaps during their conversations. The story is filled with suspense and plot twists, but a single narrator would have been a better choice for this recording. My review is based on the abridged audio version of Smoke In Mirrors. Listening to James Daniels and Aasne Vigesaa tell the story was great. I'm sure that they made it SO much more interesting than if I had just read the novel (especially and according to other previous reviews). As I pictured the scenes and characters in my mind, it felt like I was watching a good murder mystery movie or tv show. I just thought this had a good storyline injected with a bit of light romance. Definitely great for a long car drive!

Enjoyable book.
