This book was terrible. It didn't tell me anything and left out at least 20 top attractions....?!?!? It is also black and white, no maps or pictures and I even found spelling errors?!?!? An amateur wrote it for sure.

it was a stupid guide no actual guide to the city itself, no guide to little india, china town ect.on info on public transportation system. total waste of money

I bought this book for my father who is planning a business trip to Singapore so that he can enjoy some sightseeing in his free time. This book is helpful and detailed guide book and provides great insight into the various parts of Singapore.

Coverage is decent. Details are spotty in places.

Fast shipping, recommended!

A useful preparation for my trip with some valuable updates on the area since my last visit,

Great book!After reading this I am ready to hop on a plane to Singapore to check it out.I loved the photos as well!The book covers everything I would need to know before heading to Singapore!
