Product Dimensions: 9.3 x 6.4 x 0.6 inches

Shipping Weight: 1 pounds

Average Customer Review: 4.2 out of 5 stars 39 customer reviews

Best Sellers Rank: #326,251 in Books (See Top 100 in Books) #99 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Physician & Patient](#) #136 in [Books > Medical Books > Medicine > Doctor-Patient Relations](#) #924 in [Books > Health, Fitness & Dieting > Addiction & Recovery > Substance Abuse](#)

Customer Reviews

"The inclusion of multicultural issues throughout the book is great. Too many texts ignore these populations and fail to realize how one's ethnicity and culture impacts their diagnosis, clinical presentation and treatment. I like how multiculturalism is infused into many of the chapters and not just given lip service." "My students have found the previous editions well written, readable, clear and without unnecessary verbiage. This edition is equally as well written or better." --This text refers to an out of print or unavailable edition of this title.

Judith A. Lewis (Ph.D., University of Michigan) retired in 2008 from Governors State University, where she served as Professor and Chair of Addictions Studies and Behavioral Health. A licensed psychologist in Illinois, she is a past president of the American Counseling Association (ACA) and the International Association of Marriage and Family Counselors. She is co-author of **MANAGEMENT OF HUMAN SERVICE PROGRAMS, Fifth Edition; COMMUNITY COUNSELING:**

EMPOWERMENT STRATEGIES FOR A DIVERSE SOCIETY, Third Edition; and SUBSTANCE ABUSE COUNSELING, Fifth Edition (all Brooks/Cole Cengage Learning). Robert Q. Dana (Ph.D., Vanderbilt University) is Vice President for Student Affairs and Dean of Students at the University of Maine. He has direct responsibility for all campus life programs including Greek Life, Alcohol and Drug Education Programs, Residence Life, Counseling Services, and campus-wide crisis management services. Dr. Dana spent a substantial part of his career as an addictive behaviors researcher and practitioner. He writes frequently on substance abuse and has conducted numerous studies on epidemiology and etiology of alcohol and other drug abuse. Dana has served as an extramural reviewer for state and federal agencies and as a journal reviewer for Addictive Behaviors. He teaches courses on addictions and is a member of the graduate faculty at University of Maine. Gregory A. Blevins (Ph.D., Western Michigan University) is a retired Professor Emeritus from the College of Health and Human Services at Governors State University. He held positions as the assistant dean of the college, chair of the Addictions Studies and Behavioral Health Department, and full professor of Addictions Studies. He completed the Specialty Certificate in Alcohol and Drug Abuse in 1974 and his doctorate in Sociology in 1979. Dr. Blevins is a founder and life member of the International Coalition for Substance Abuse Educators and has served as a trainer for the Bemidji Area Office of Indian Health Services since 1988.

I have used this book while getting my Masters Degree in Mental Health Counseling and taking one Substance Abuse course. I had no prior knowledge on the subject (except drug pharmacology) and found that this book presented the content very efficiently. Very easy to follow and content was interesting, understandable, and useful (I still recall certain aspects of it with some of my substance-using clients one year post graduation!). Also, useful perk is that this book is of smaller format and fits easily into most purses and bags, is lightweight, and rather thin. Font is perfect, too, not too big or small.

Written more for someone in the medical field or someone trained in substance abuse than a person new to the concept of substance abuse. In short, it was an intellectualized approach to an almost impossible field to teach. Not recommended for the newcomer or anyone who isn't a huge fan of college-level reading.

A necessity for substance abuse counselors

It shipped very fast. Product was exactly as described.

Good. I used it for graduate studies.

I'm just about finished with an MA in psychology. This text is small and succinct yet comprehensive enough. After purchasing massive tomes for other classes only to use a small portion, I appreciate it when text can cover the material without overkill. This text is a keeper. The coverage of the various substances is very brief so a good supplemental text is *Buzzed: The Straight Facts About the Most Used and Abused Drugs from Alcohol to Ecstasy* - 3rd edition.

It's awesome I received it right in time before my course started. Very influencing to a up coming counselor

wonderful and in perfect condition ,extremely pleased
