My mouth was watering just reading the recipes. I'm sure I will love eating most of these recipes! I am very happy I bought this book.

OK

This book has some great recipes. Unfortunately it's full of typos and was clearly never copy edited.

This is very comprehensive book with the illustrations on burger recipes. This book is really teaches awesome ways to create your own burger, from your patty down to adding flavors into it. I like that the author is very detailed in giving out instructions on how you can make a perfect patty for

yourself. I find this a good addition to my cookbooks because of its methods and recipes. I just think that 99 recipes are a bit much for a single book. I believe that once in a while you have to indulge yourself with your pleasure foods and this book is perfect for it.

This book is wonderful. I love the recipes.
