Captain Buck P. Rockets And The Deep Explorer Sixxx

Synopsis

*** This book is for adults only. ***She's an old and outdated science vessel, the Deep Explorer Six, and she was made at a time when the universe was a more peaceful place and well before the notorious Volc Legion started eroding the porous borders of the Unity Government. Though some saw it as a step back in his career, Buck P. Rockets, a captain of rising fame within the Unity franchise, assumed the command of the Deep Explorer Six and then blasted off deep into space with his stalwart crew. His mission objectives were pretty simple overall; explore new solar systems, invite new alien species into the happy coalition of planets under the Unity umbrella, and for Buck specifically, keep his snake in the cage for the year-long voyage. Eesh! Really?! Well, our brave captain is a lot of things, but chaste just isn't one of them. On the way home from the Explorer's year-long voyage, Buck gets a priority message from Unity HQ about a sister ship that might be in some trouble. With this little detour throwing off Buck's plans to hit a red-light resort, Buck decides that he's just going to live by the sword and, if necessary, die by it. The only problem is, the Deep Explorer Six soon finds herself being hunted by several enemy warships, the crew preyed upon by little green men with big... guns, and our famous starship captain shows how he's an amazing multitasker by making up for lost time and getting some long-overdue recreation with some of the sexy members of his crew. Can Buck pull a rabbit out of his hat and save his crew? Can the old Deep Explorer Six escape from the five, technologically advanced enemy battlecruisers hunting her down? Can her handsome captain keep his wandering eye steady on just one gorgeous woman at a time? I think you know the answer, but as always, it's all about those juicy details, isn't it? Cue the sexy space opera music, and let's go!*** This book is for adults only. ***
