Basic Legal Research: Tools And Strategies, Fifth Edition (Aspen Coursebook)

Synopsis

This best-selling coursebook on legal research is known for its clear, step-by-step instruction in the basics. Using a building-block approach, the text breaks material into discrete, readily comprehensible parts. Self-contained chapters on sources make the book flexible for any type of legal research course. Useful pedagogy throughout the text includes end-of-chapter checklists, clear examples, and summary charts. Helpful sample pages and examples of research sources guide students through the presentation, and an accompanying workbook provides exercises to test comprehension. The Fifth Edition provides thoroughly updated coverage of the research platforms such as WestlawNext, Lexis Advance, and Google Scholar, including the most current information about their features and use. All sample pages and screen shots have been updated. Features:

- Accessible, clear, step-by-step instruction on the basics of legal research
- Building-block approach breaks material into discrete and comprehensible parts
- Self-contained chapters on research sources
- flexible for any type of legal research course

Customer Reviews

This reference and textbook is invaluable to have for citing law from law books in a law library. It is informative and exact when it comes to showing how to cite different statutes and case law.

This is a great tool for first-time law students. Even if you're not in a formal program, this book is well-defined while at the same time it decodes much of the legalese which confuses those who are not occupied by the legal profession.

This book was on the text list for law school. It does what it's supposed to do. :) I think it may have helped me decide NOT to go to law school.

Excellent and required for all first year law students. Highly recommended!

Got it for a Legal Writing Course easy to comprehend, step by step explanations, comprehensive, visuals (diagrams, excerpts, pictures) help you in understanding the material

Chapters are in alignment with the assigned reading with my law school course! Enjoyable and informative read on legal research so far! ;)

just as expected

Required law school text book.
