Customer Reviews

Adventure-driving expert Tony Huegel, who grew up in the San Francisco Bay Area, has a lifelong history of exploring far off the beaten path. Before embarking on extensive travels through the wildlands of the American West for his acclaimed Backcountry Byways guidebook series, Tony hitchhiked and road freight trains cross-country several times, thumbed his way to Alaska, drove a 1965 VW bug to Guatemala in the midst of its civil war, and "autostopped" his way alone across North Africa and Europe. He paused just long enough to earn a bachelor's degree in journalism at the University of California, Berkeley. Since then he's been a full-time news reporter, photographer, editor, author and magazine freelancer. --This text refers to an out of print or unavailable edition of this title.

Lots of new good stuff in the new edition

I buy these books and are never disappointed. The details are spot on and I never leave home without them!

I love exploring backroads. Every time my wife and I are on a highway, I drive her crazy by pointing at side roads and wondering aloud where they go. Now I know where many of them begin and end. I also know what condition they're in and how long they'll take to explore. Tony Huegel's Byways books are invaluable to anyone who enjoys getting off the beaten path.

Great Guide to 4x4 trails and off road places. A little over priced.

Great reference.

Very detailed

Worked for our family

Good map
