Age Range: 4-8 years
Grade Level: Preschool - 3

## Customer Reviews

MARVEL

This book is so fun! My son absolutely loves it. Its nice, hard cover keeps it safe. The pages are thick and easy to turn. The stories are easy, and fun to read. There are several stories, each short and simple, yet action packed! It is a delightful book for either beginner to moderate readers, Marvel enthusiasts, or young children that love superheroes and have parents willing to read to them.

I bought this as part of a Christmas present for a nephew. He's very interested in superheroes but not so much into reading so I hope that this helps bridges the gap. The book is produced very well. Good, sturdy quality that will surely withstand his rambunctiousness. The pages are full-color and have eye-catching, action-packed illustration. He was definitely excited about the book and looking at the pictures. It's definitely geared towards more advanced readers or as a bedtime story so just be aware of that.

These books are great! The graphics are awesome! I bought this as a Christmas gift for my six year old nephew. He's going to love it!

This is a great book! Perfect for the younger kids who are past the 5 word a page books. Too bad they don't post better pics of the inside pages but this gives you plenty to read and is slightly based on the movies. I was afraid I was going to get a couple words a page or bare bones book but this isn't bare bones. The book itself is really thick and sturdy. Reminds me of all the storybook collection line of books with thick paper and covers. Really happy with this purchase!

Thought my 3.5-yrs-old would love it, but I think he is a little too young to understand the long stories.

I bought for my son, and he loves it. The stories are quick and easy to digest. The art work is well done. The biggest problem is explaining way we can't read the whole book each night at bedtime.

Bought for my Grand-Son's 6th Birthday. He enjoyed receiving it and learning about the Avengers characters.
thinking the book is too advance for my 5 year old, i placed on a book shelf. one day my son found it and sat reading (looking at the photos) by himself for at least 20 minutes long.
