Uncle John's Bathroom Reader Plunges Into The Universe (Uncle John Presents)

Synopsis

Plunges into the Universe is your anecdote to boring science text books. Uncle John and his loony lab partners will take you back to the Big Bang and forward to the distant future. You'll see the science in everything around (and inside) you, and learn the truth about the most egregious science myths (such as--you can't sweat like a pig because pigs don't sweat). How many amazing facts await your visual cortex in these 494 pages made up of atoms (print version) or bits and bytes (e-book)? As Carl Sagan would have said, 'Billions and Billions!' So put on your thinking cap and check out . . . Pluto denied Kitchen chemistry Football gets physics; Planet Earth's sudden hot flashes Food's incredible journey; through you The science of surfing, skating, and snowboarding How they plugged the hole in the ozone layer How defenseless animals stay alive Sci-fi that's more fi than sci Ancient astronomers Know your clouds And much, much more!

uncle johns my favorite

As always, packed with all sorts of stories, facts, jokes, and more. I thought it might have more in it about outer-space because of the title, but it is more general knowledge. This is our 3rd Uncle John's.

Great product, great price, overall perfect experience.

Short, non-committal but fascinating education for the curious. Any purchase of the Uncle John series is perfect for the person who wants their mind to be engaged in learning things. Great for short readings while waiting on the bus, riding in public transportation and your friends will always want to chat with you because you have interesting things to share.

These books have always delivered for me. The only complaint is sometimes my legs fall asleep on the pot because I've spent too much time reading...which is usually when the fire alarms go off or UPS is at the door with something I want really bad.

This book was funny but you can really learn some interesting facts. I would call it intelligent humor. I love all the bathroom readers including this one.

Just as Described!! Great Product!

good book. as described. fast delivery. thanks
