Sanctioned: Age Of Expansion - A Kurtherian Gambit Series (The Ascension Myth Book 4)

Synopsis

General Lance Reynolds needs Molly's team for a clandestine operation. The only problem? It kicks off in one week, and the Syndicate needs cleaning up once and for all. So what is a girl to do? Go on the offensive, of course. But with the ultimate take down planned for the bad guys of Planet Estaria, you know it's going to be EPIC. But at what cost? --- PLEASE NOTE --- Inside this book is cursing, amusing cursing, but cursing nonetheless. If bad language offends you, perhaps this book is not for you. Set on the foundation laid by the Kurtherian Gambit Series, The Ascension Myth tells an entirely new story in the Age of Expansion--when the Etheric Empire is fast becoming the Etheric Federation with all of the trials and tribulations that come with bringing together different peoples, systems, and ideals.

Customer Reviews

About the time you start wondering if Eil Leigh Clarke dropped the bubble on this whole story line, she somehow effortlessly turns the whole story around and all is right with the world again.

Sanctioned was a lot of fun. The characters have taken on a life of their own, and Oz has finally come into his own. Some of the strongest scenes in the book were about him, and they were great. Well, Molly finally finishes off the Syndicate, and does it in a way that is all Molly. And now there are changes in the offering, and with change comes new opportunities and responsibilities. So this book is in some ways a conclusion to this four-book series, and a start to a new evolution of Molly and her team in the world of the Kutherian Expansion. Great writing, excellent editing and proof-reading. You won't be disappointed. Just wondering when we will see Book 5. No pressure, waiting can be the hardest thing.

She's done it again! Ell Leigh Clarke has produced another great work of "speculative fiction," as one might say... Even her author notes at the back, bantering with Yoda, MA to his other fans, are more entertaining than most authors books! If that doesn't give you an idea how great "Sanctioned: Age of Expansion- A Kurtherian Gambit Series, The Ascension Myth Book 4" is, all the more reason to buy it, and read it! Getting back to the book, it is superb. You'll laugh, cry, and be ready for action, at the least provocation. All the strengths of the other TKG Universe books, with just as much thought invested in great plot, dialog, characterizations, action, and mischief. Five out of Five Stars, for the latest Ell Leigh Clarke and Michael T. Anderle offering... And they just get better, and better, and better...

Another awesome addition to the Kurtherian Universe. Really looking forward to book 5. Unfortunately now I'm almost out of books in this series until another release date. Truly an entertaining and well written universe. Initially I was a bit unsure of Molly as a character, now I look forward to this series almost as much as another Bethany Anne book. Can't wait for more.

WHERE IS BOOK 05? Sorry it had to be said. This is my favorite series in the Kurtherian Universe after the main Bethany Anne one. it continues to get better with a great cast of characters and now they are raising their level of bad assedness, bad assitude, bad assery? seriously the story is great can't wait for the next book. the speed that you guys turn out good quality books is amazing. I don't know if the traditional publishers truly understand how you have redefined the art these stories couldn't be told through them. Keep it up.

Laughing crying not sleeping and hooked! Love Molly's team and the fantastic takeover of big pharma!!!!!! So relevant. I so wish I could bring a whole lot of Etheric into our pathetic reality.

Characters are funny and warm and like siblings. And waaaaaaah I don't want it to be over! WRITE FAST! I am such a fan!

Fun reading with a little surprise twist by the author makes this a great book! Though I didn't not know if I read the book to enjoy the interesting characters or the authors comments at the end lol. Oh bet you thought I forgot.....NEED BOOK 5 ASAP!!!! See I read your notes MA.

Really nice to see the Syndicate plotline tied up neatly here with no loose ends. As soon as I saw the facebook post saying this one was out, I found myself refreshing an search over and over until the book actually appeared to buy. I'm really, really looking forward to where things go now that the "local" issues have been dealt with and the General can start sending Molly and her crew off to do... whatever the hell it is he needs them to do.

This just keeps getting better and better, HOWEVER I have noticed that the teaser's are making there way in this book in a more blatant way. Yes it's working to keep me in suspense and wanting more so as MA suggested I will ask. When is book 5 coming out? OMG I LOVE the author notes please please please keep them coming, they are almost as much fun as the book itself.
