Customer Reviews

This book is only 61 pages long. I read it cover to cover in about an hour. I paid \$9.99 for this book and feel like it should have cost no more than a couple dollars at best. The stories of this book are well known circulated stories that can easily be found on the internet. Also, the book has quite a few grammatical mistakes which makes it a bad reading experience. Save your money...there are MUCH better books out there.

Very good book, the stories are great and makes you want to find more information about them.
Very well written

Somewhat disappointing.

Very convincing book, you will begin to wonder what if, as always well written and researched. An insightful look at what we are not sure of, the unexplained till know, recommended reading but not for the easily frightened

I loved this book so much that it only took me a bit over an hour to read. It would have been quicker but one has to eat lunch. Looking forward to read more books from you on similar subject.

Very good read. Not for the faint of heart. Well written. Highly recommended if you love ghost stories.

I can't wait to show my friends and family and encourage them to buy! Just OK Seem to be good quality too. It does a good job. Nice. Very pretty effect. Fast deliver great buying

I enjoyed reading the book a lot. It contains a few very unusual stories, I can only recommend it :)
