Esoteric Hollywood:: Sex, Cults And Symbols In Film

Synopsis

Like no other book before it, this work delves into the deep, dark and mysterious undertones hidden in Tinsel town's biggest films. Esoteric Hollywood is a game-changer in an arena of tabloid-populated titles. After years of scholarly research, Jay Dyer has compiled his most read essays, combining philosophy, comparative religion, symbolism and geopolitics and their connections to film. Readers will watch movies with new eyes, able to decipher on their own, as the secret meanings of cinema are unveiled.

Customer Reviews

Great read. Fascinating and illuminating. Author has excellent detail and fact-checking adds up!

Boy I learned a lot, not only about HollyWeird but also about philosophy. I really enjoyed Jay's analyses throughout and highly recommend this book to anyone interested in digging into popular movies and the motives behind them. I am now an avid listener to Jay's podcasts as well!

It was pretty interesting break down of movies. If you like this sort of thing it is definantly for you not

totally what I was expecting but not bad

I can't recommend Jay Dyer's Esoteric Hollywood highly enough, especially if you're already a fan of show, Jay's Analysis. I'll never watch another film the same way again, and it has most certainly changed how I see Hollywood forever.

More great work from Mr. Dyers. I love this book. Thank you so much Jay for writing it. Provides brilliant insight to the real machinations of Hollywood and the people who control it. The subtitle should be "hidden in plain sight all the time"... or at least most of the time.

Great book if you want to read in between the lines of hollywood movies. It reads like a compilation of essays made of different movies with the underlying themes of esoteric, cults, and symbols. It has certainly opened my eyes not only to movies but to the world around me. Excellent! Got my book directly from Jay.

Very good book. There is so much esoteric symbolism in Hollywood movies, and this author really covers it. Movie by movie.

A lot of information. Its terrible what lies beneath.
