Customer Reviews

This is a great reading of a great book. It's completely unabridged, so the whole story of Anne and Marilla's beginning is there. The CDs came in a litte mini binder case - the case had small binder rings that held the pages with the CDs in place and in order. Overall, I highly HIGHLY recommend this version of the Anne of Green Gables audiobook over any other. Flo Gibson, the woman who leant her voice to this audiobook, is a lady more of us should know about! She recorded over 1,100 books in her lifetime for the love of reading, can you believe that? And she didn't record just anything - she chose books that she herself liked to read. (And mostly books that were in the public domain, as they came with no royalties to record!) Her love for reading and desire to share it led to her starting the company that this audiobook is sold by - Audio Book Contractors. She recorded for them up until she passed in 2011. I learned all this by having a conversation with the current owner of the company. This isn't a paid endorsement or anything, not at all. Rather, I bought this audiobook and then reached out to Audio Book Contractors about the other Anne books - in that email exchange the owner, he told me about his work with Ms. Gibson. That being said, I do recommend buying from Audio Book Contractors! They are a super tiny company and have a great

deal many audiobooks for sale. Aaaaand if you order direct from their website (just google "Audio Book Contractors") you get free shipping over \$25 and they send it out to ship faster than . So yeah. Do the thing - support the small guys!

As expected and described.

Perfect!
