Skip this book. This book does not really click neither with my 2 year old nor myself. It is too small,

only 8 images (or 6) and sentences like "I am cold" and it shows a polar bear. I do not recommend.

Ehhhh.... this is a thin, small board book. There are better ones out there.

super cute book

cute short

not like it

This book is quite small (8 pages in total). For what it is, the graphics and words are nice. However, each page has just one word (in both Spanish and English) and a picture. The picture for "Feliz/Happy" is a bird singing. The image fits, but it's not the most obvious picture of happiness. I had hoped for more complete sentences or phrases. Cute book for a very young child.

Compared to other board books, the book is small and the pages are thin and kind of flimsy. They don't sit together perfectly flat, either. I thought this would be a nice gift, but it looks cheap. I was disappointed and would not buy it again or recommend it to others. I purchased other bilingual books (Curious George, Clifford) that were much, much nicer for about the same price.

Great!
