Wolfgang Amadeus Mozart (1756-1791) was a prolific and influential composer. Since its first performance in 1791, *The Magic Flute* has been a crowd pleasing opera and it remains one of the most celebrated in its genre. *Tosca* is an opera in three acts by Giacomo Puccini based on the Victorien Sardou's dramatic play *La Tosca*. *Tosca* is dramatic and beautiful. To this day it is one of the most frequently preformed operas. Georges Bizet was a French composer, mainly of operas. In a career cut short by his early death, he achieved few successes before his final work, *Carmen*, became one of the most popular and frequently performed works in the entire opera repertory.

This collection is not only a compilation of popular and representative operas. It is a collection of great versions including singers like Mirella Freni, Franco Corelli, Nicolai Gedda, etc. The books are

beautifully illustrated with photos, draws and their content is very interesting. I think that if you are a fan of Opera, you must get this collection.

The marriage between words and music has never been better produced. And more popularly priced. Each volume includes two compact discs with the complete opera, as well as a hardcover book containing the libretto in its original language and an English translation with annotated commentary and expert commentary. Stunning color photographs illustrate the history of the opera and the production's performers, including Grace Bumbry, Birgit Nilsson, Renata Scottò and Franco Corelli. The slipcased set includes Aida, Carmen, Madama Butterfly, La Bohème, La Traviata and The Marriage of Figaro; each volume is also priced individually. Break out the bubbles ... that's "bubbles" as in Beverly Sills, the star of La Traviata.
