Customer Reviews

Thank you for your interest in this book! I am delighted that you are interested in sharing the truth of Scripture with Jehovah's Witnesses. I feel compelled -- in the interest of truth -- to make a brief comment about strategies Jehovah's Witnesses are using to discredit this book. There are three brief points I want to make: It is understandable that Jehovah's Witnesses would seek to dissuade others from reading this book by assigning it 1-star reviews. They are not happy with the fact that countless Jehovah's Witnesses have become biblical Christians as a result of the book. Personally,

I am delighted that so many Jehovah's Witnesses have come to know the truth of Scripture through this book. Praise the Lord! In a few cases, Jehovah's Witnesses have composed a generalized, non-specific horrible review, and then they have posted this horrible review verbatim on ALL of my books listed at [http://www.reasoningfromthescriptures.com](#), even though they have not actually read any of them. Such actions ultimately serve to discredit the Watchtower Society, for no true follower of God finds it comfortable to bear such false witness. Unfortunately, I must also report that many Jehovah's Witnesses have been spreading the idea that I myself am a former Jehovah's Witness, which is absolutely not true. I understand why they do this. The Jehovah's Witnesses teach that reading a book by a former Jehovah's Witness is worse than reading pornography. So, one way of preventing other Jehovah's Witnesses from reading this book is by claiming I'm a former Jehovah's Witness. Again, such actions ultimately serve to discredit the Watchtower Society, for no true follower of God finds it comfortable to bear such false witness. My friends, don't give up in sharing the truth with Jehovah's Witnesses. My book, Reasoning from the Scriptures with Jehovah's Witnesses, will provide you with a formidable arsenal of biblical arguments you can use on the doorstep. It also contains virtually hundreds of strategic questions you can ask on the doorstep to make your points to Jehovah's Witnesses.

Ron Rhodes (ThD), president of Reasoning from the Scriptures Ministries, is heard regularly on nationwide radio and is the author of The End Times in Chronological Order, The 8 Great Debates of Bible Prophecy, and 40 Days Through Revelation. He periodically teaches at Dallas Theological Seminary and several other seminaries.

Rhodes is an excellent author who knows his business.

I have a family member that is a Jehovah's Witness. For years and years I have simply rebuffed his attempts to discuss his religion out of fear that I was not knowledgeable enough about his beliefs based on "the Bible." I realized that I needed to not only get more familiar with my bible, but also try to determine what makes our faith so different. This book is one of the reference materials that I used to learn more about the Jehovah's Witnesses and to be able to at least discuss, somewhat intelligently, why our views and core Christian beliefs are different. I would recommend this book to those with friends and family who are Jehovah's Witnesses.

If you care about people and want to love them by preaching the gospel... This is an amazing

resource!

This is one of the best books available on the Jehovah's Witnesses belief system. Mr. Rhodes argues his case extremely well and uses easily understandable language. I couldn't recommend this book any more highly. For a great book on what it is like to be an average Jehovah's Witness read "The Awakening of a Jehovah's Witness" by Diane Wilson. If you want to know what it is like at the top of the organization read "Crisis of Conscience" and "In Search of Christian Freedom" by Raymond Franz Reasoning from the Scriptures with the Jehovah's Witnesses

This book is very informative. It really opened me up to a whole new way of looking at the scriptures.

For those Christians who have ever spoken to the JW at the door, you know what I mean when I say it can be a very scary experience. "What do I say?" you wonder as the JW gives his spiel about the end of time and invites you to join him for a study. Rhodes does an admirable job coming up with questions to ask the Witness, giving reasons why the Watchtower Society is not a Christian organization, as the JW leaders would claim. While the average Jehovah's Witness is the hardest working person I know, all of his "good" works will not earn him a ticket to heaven (or even Paradise Earth). Rather, it's by the grace of God; works merely show the veracity of a conversion. It's the fruit of a new life that took place when the person had the Holy Spirit come into his life. Truly we are commanded to work out (not work "for") our salvation with fear and trembling, as Phil. 2:12 points out. And Rhodes gives us what I consider to be the best easy-to-understand volume on the Jehovah's Witnesses from a Christian perspective.

Great book!! Very informative, didn't leave me feeling like it was incomplete. I highly recommend this book for anyone wanting to know the differences between Christianity and Jehovah's witness beliefs.

I was a JW for 26 years, the Truth is so far from what the Watchtower organization taught me. I was very sceptical of reading this book, but was not written by an "Apostate" so I read (red) a little in order to disprove it. The more I read the more I realized what the Watchtower taught was very wrong. It took me 3.5 months to read it and was checking what the Watchtower taught every step of the way. I had every book published by the WT I could get my hands on including the WT CD rom..

in the end i was totally shocked that I was deceived by the WT org. that takes the place of Jesus. don't believe me? read a little and try to disprove it with the Bible and your WT literature in hand.
