World Of De Wolfe Pack: Ivar The Red (Kindle Worlds Novella) (The Wolves Of Brittany Book 2)

Synopsis

A WARRIOR NEVER SURRENDERS | HER HEART As the epic struggle to rule Brittany continues, Ivar the Red unexpectedly finds himself in charge of the Norse army after his brother, Valdrik, is severely wounded. Intensely loyal, Ivar is prepared to do everything to see their victory through—except taking a Breton wife. Nevertheless, Lady Emma of Quimper fascinates him more than any woman he's ever known. Although her highborn status protects her from bondage, Ivar vows to claim her as his own. Lady Emma of Quimper is determined to defend her home as fiercely as any knight, until she opens the gates to save an old friend from Viking invaders. But her trust has been misplaced, and she finds herself at the mercy of a bloodthirsty heathen—Ivar the Red. Pride keeps Emma from fully surrendering to the conquering lord of Quimper, even when she realizes he's not quite the devil she imagined. Ivar has always enjoyed a challenge, especially one from a beautiful woman with the heart of a warrior. Though she defies him at every turn, Ivar deals gently with Emma—until she betrays his trust and escapes. Refusing to be made a fool, Ivar sets out to recover his captive who is determined to return to Quimper at the head of an army. When Ivar finds her in the clutches of death, he suddenly realizes she matters far more than his injured pride and sexual desire. He will do anything to save her and give up everything to make her his.

Customer Reviews

Very good book.

Ivar the Red and his Viking brothers continue their quest for Brittany, the next stop to conquer is the Castle of Quimper, in Cornouailles, where Lady Emma is left to hold the fort. Far from being a fragile little flower, Emma is nevertheless a woman, which puts her in grave peril when the enemy appears at the door of the castle. The uncouth Viking warriors however surprise her by being more civilised than she expected, even though she will never submit to one, although Ivar seems less repulsive than the man to whom her father has betrothed her, and who will surely come to save her. Ivar a warrior to his marrow lives in the present, has never thought of settling down, but Fate might have decided for him.

IVAR THE RED is Victoria Vane's second instalment in her brilliant (The Wolves Of Brittany #2) series in Kindle Worlds, and there is even more action in this book than in the first one! It's amazing how much Ms. Vane can pack in a novella; there is more substance in IVAR THE RED than in most full novels! While it is book 2, it can easily be read as a standalone; there is the continuing story arc of the conquest of Brittany, but IVAR THE RED focuses mostly on, well, Ivar! Neither Emma and Ivar has ever thought of marriage, and yet in adversity they get to know each other better and acknowledge that they have misjudged each other, and both are also surprised at the attraction, especially Emma. I love that Emma is a tall girl, it's nice for a change; she is so brave and strong, but they do make an unusual couple! Ms. Vane has obviously done a considerable amount of research, which pays off in spades, as Medieval France comes alive before our very eyes. The authenticity is in those little details that do not escape a vigilant eye, and which contribute so much to defining time and space, and in IVAR THE RED, it's all there, from the grandiose description of the Castle of Quimper down to clothing and tableware. Ivar has such a wonderful backstory; I would have read pages more! In IVAR THE RED, you have fierce battles, treachery, politics, romance, and plenty of fast-paced action with a lot of unexpected twists and turns. Naturally, Victoria Vane's gorgeous writing flows flawlessly and the storytelling is seamless. Another great story by the incomparable Victoria Vane! I received a complimentary copy of this book in exchange for an honest review.

First and foremost, you must read book one in this series. It's truly necessary in order to understand the dynamic between the brothers, their backstory and developments that follow. Ms. Vane

continues her Wolves of Brittany series with a story of Ivar the Red, half brother of the hero in the previous book and Lady Emma, a woman of strength and power, and as stubborn as our hero. When these two come to blows, everyone needs to run for cover! If you thought book one was great in bringing you closer to the time long past, buckle up. You're in for a ride of your life as we follow these two to their happily ever after. If you're a fan of the Vikings on History Channel or The Last Kingdom on BBC America, you'll love this story. It develops just like a movie! I highly recommend it! Melanie for b2b

World of de Wolfe Pack: Ivar The Red (Kindle Worlds Novella) (The Wolves of Brittany Book 2) by Victoria Vane is another awesome read! What a magnificent Medieval Viking Romance! Can be read as a stand alone. I absolutely loved Ivar, the Red and Lady Emma of Quimper, and the battle of will, passion and wits that follows. Ivar's brother, Valdrik, continues in his struggle to rule Brittany. Ivar, is placed in command of his brother's, Valdrik's, Norse army, when Valdrik is severely wounded in the attempt to secure Quimper. Lady Emma is determined to save her beloved Quimper at all costs, even opening her gates to the enemy. Then she realizes she has been betrayed and is intrigued by the fierce Ivar, the Red. Well written, fast paced, novella, that will have readers turning pages. Well-developed, engaging and captivating characters. The storyline is full of danger, secrets, passion and finding true love. But Ivar, and Emma have more to fear, than each other, in a fight to gain control of Brittany, for the Norse Army. There is more involved, than anyone realized. Will Ivar and Emma find their HEA, find love, and fight against an unknown enemy or lose all? Ms. Vane has once again shown her knowledge in her research, of Vikings, the Norse Army, with her rich Historical details. A mesmerizing storyteller! Ivar, the Red is a captivating and intriguing Viking Romance. Another awesome read in the fabulous "Wolves of Brittany"! Highly recommended for fans of Kathryn Le Veque's Kindle Worlds, Vikings, Norse strength, the "World of de Wolfe Pack", romance, historical romance, intrigue, adventure and the epic struggle for Brittany. A must read, for sure! Another awesome read from Victoria Vane! I can hardly wait for the next installment in this intriguing struggle, "The Wolves of Brittany". Received for an honest review. However, all opinions, insights and thoughts are my own personal opinions. Rating: 4.5 Heat rating: Mild Reviewed by: April R
