Customer Reviews

Great audiobook with a very soothing soundtrack. I loved the hypnosis and found myself drifting off before the session even ended. Have listened to it a few times now and each time I feel the quality of my sleep improving. I normally only get around 7 hours of sleep per night, so it's important that they be good. This hypnosis has been helping me make the most of my limited sleep schedule.

To be honest, I've only listened to it once. But - I fell asleep not long after I started it without the TV on, which has been my crutch for far too long. I'm going to give it another try soon.
