Necklaceology: How To Make Chokers, Lariats, Ropes & More

Synopsis

From collars and chokers to princess-length baubles and ropes to twirl and spin, here is a wardrobe of 40 necklaces to make and proudly show off. Expert crafter Candie Cooper shares her "necklaceology" secrets in an informative, gorgeously illustrated how-to guide that covers tools and materials, all manner of techniques, making components like wrapped loops and jump rings, and combining beads with wire, chain, silk cord, ribbon, and other materials. These accessible, sophisticated projects will inspire and delight.

Customer Reviews

"A great collection of necklace projects that are easy, fun and can be fiddled with to easily be made your own. I was immediately inspired! There are projects for everyone in this book "beginners to advanced" and they are really great projects, trendy and eye-catching. The photography rocks, and my favorite is Candie's little sketches for a few of the designs. It's an all-around great book. You should go get one." — Lorelei Eurto, author of Bohemian-Inspired Jewelry

"Highly recommended! Candie has brought design lessons and techniques to school us on all things necklace-related. The projects range from simple designs for a beginner to complex multi-layered and collaged designs that are signature Candie Cooper pieces. The author offers design alternatives and suggestions to push the reader to explore their own ideas and shares her sketches of her designs. Candie brings on the DIY for clever ways to customize your jewelry and

components throughout the book. Pull out your bead stash and see what you can come up with, with Necklaceology as your guide. • Heather Powers, author of Jewelry Designs from Nature • "There are some cool techniques in here that I haven't tried before--like using a pearl knoter and making epoxy clay beads. Candie's a great teacher. I've met her, and her upbeat personality and give-it-a-try spirit really come through in this book. • Anastasia Bosakowski, Crafter's Choice • "What a beautiful and original book! A wonderful guide to have. • Chicago Metal Arts Guild blog • "Includes 40 fun projects and tons of inspiration! Stylish and fun to make, there's something for every aesthetic in these diverse projects. If you are familiar with either of Candie's best-selling books Metalworking 101 for Beaders or Felted Jewelry, then you know what a delightful designer and instructor she is. As with all Lark books, this one has easy-to-follow photos and detailed instructions. • "Craft Gossip • "A fun and fanciful addition to any crafting library! This book combines inspiration from many old cultures and time periods, along with the wholly contemporary urge to recycle and reclaim, to produce 40 projects for necklace design that allow for the use of found objects, mismatched beads and findings, and everyday items. After the normal first several pages listing tools, materials and techniques, the projects are furthered with step-by-step instructions and photos along with reproductions of the author's own sketches for almost every piece. This is a well-laid out and concise approach to getting your feet wet as a novice or pushing your boundaries as an old hand." • "Scorpio Moon Jewelry

Candie Cooper graduated from Purdue University with degrees in fine arts and art education. She's a member of the International Feltmakers Association and the Society of North American Goldsmiths. Her other books include Felted Jewelry (2007), Designer Needle Felting (2007), and Metalworking 101 for Beaders (2010). She lives in Wabash, IN. Learn more about Candie at candiecooper.com.

Beautifully illustrated book with many ideas! I'm still beginner in jewelry making and her instructions make it easy to follow and understand the techniques. She has ideas that brought me out of my comfort zone of small, timid work and to try bolder styles!

This is a fun book that spans many styles and abilities. It is great for beginners and also more experienced beaders who just want to reinvigorate their game. Candie Cooper has a fun, easy way of presenting that is easy to understand. Great jewelry craft educator.

disappointed, not enough patterns the type the one on the cover was

I had seen Candie Cooper before, she has appeared on the series Beads Baubles and Jewels. I like to wear lariats, their length makes it so they can go with a lot of my clothes. I found a lot of projects that were interesting and the instructions for making the necklaces I found to be very clear.

Just like her fun styles.... so wanted her book. As far as a critique on her methods for working a necklace, you may want to check other reviews.

Loads of great tips and ideas. Great price.

The first of the ology books and so much fun! I have the earring book and they both complement each other. I recommend getting both and mixing/matching patterns for a cute ensemble.

worked well for my project
