Trial Techniques And Trials (Aspen Coursebook)

Synopsis

By far the most thorough and detailed of the books in the field, *Trial Techniques and Trials*, Tenth Edition is a comprehensive yet concise handbook that covers all aspects of the trial process and provides excellent examples illustrating strategies for opening statements, jury selection, direct- and cross-examination, exhibits, objections, and more. Extensive examples are clustered into three groups: personal injury, commercial, and criminal for ease in finding particular areas of trial practice. Tom Mauet, renowned for his skills both as a writer and litigator, breaks the trial process down into its critical components for better and quicker student comprehension.

Customer Reviews

Excellent!!

Be extremely careful removing the sticker to reveal the access code -- mine tore even though I was being slow in peeling it off, and now I have to wait for Wolters Kluwer to resolve this for me. In the meantime, I cannot access material I need for class. The book itself is very practical and easy to follow, and an excellent primer.
