Stella Robinson lives in the northwest suburbs of Chicago with her wonderful husband and their two adorable pooches. She has had an interest in art since childhood, but she drifted away from her interest in art to pursue a career in finance. Eventually, she stumbled upon the world of adult coloring books. The notion of adults engaging in a childlike activity such as coloring books seemed odd at first. But soon she learned of the stress-reducing benefits of putting color down on paper. Not only did she discover the cerebral benefits of getting into the "zone", the coloring book was downright fun! Stella's favorite art is that which illustrates an event or tells a story that engages the viewer. This includes any narrative expression, be it in a painting, a sculpture or even a page in a coloring book. This idea of storytelling has led to the publication of her first adult coloring book "COLORFRENZY, Cherished Memories". This is what Stella had to say regarding her work. "As I tried coloring various books, I learned that some of the coloring books are absolutely beautiful to look at, but patterns in many areas are just too small to color. It's frustrating /

stressful and somewhat impossible to color these areas as intended by the author. Other books that specialize in patterns deliver large spaces to color, but many repetitive patterns are often used, and the result is boring. My goal is to create coloring books that give young teenager to adults hours of coloring pleasure. I want people to pick up the book and just start coloring! The coloring process is simple and naturally expressive, and is supposed to provide sheer enjoyment! My approach is to create each page with a fresh and interesting design for everyone who loves to color."Stella Robinson's intricate and creative illustrations depict both natural and fantasy themes that will delight any coloring book fan!

I just received Color Frenzy Cherished Memories. The art work is delightful. This is my first "adult coloring book". I am looking forward to many hours of enjoyment & FUN. Time to dust off my crayolas It's cheaper than a Therapy session.

I love everything about this coloring book! Very nice high quality prints, the art is beautiful, inspirational page offers a meditation of sorts while I color in it.
