Rules Of Thumb: A Life Manual

Synopsis

A mix of folk wisdom, common sense, shared experience, the advice of experts, and the kind of group think that's made websites like Wikipedia so vital, *Rules of Thumb* is the impulsive compendium of 1,000 general principles that apply to every facet of life. Collected by Tom Parker for over 25 years, these are rules that are practical, quirky, and as entertaining to read as they are relevant to the reader. There's a rule of thumb for just about every subject imaginable – money, marriage, cooking, health, weather, cars, gardening, restaurants, travel. This is the priceless knowledge that's accumulated not from reading, but from living. Tempted by a string of pearls at a yard sale? Rub them against your teeth: The rule of thumb, as your grandmother might have told you, is that a genuine pearl will grate. Not sure how to choose a puppy? Pick one whose tail wags in sync with its walk – a sign of calmness. To win at blackjack, assume that any unseen card is an eight. And remember, a rule of thumb works four out of five times (including this one).

Book Information

Paperback: 409 pages

Publisher: Workman Publishing Company (October 1, 2008)

Language: English

ISBN-10: 0761150730

ISBN-13: 978-0761150732

Product Dimensions: 4 x 1 x 6 inches

Shipping Weight: 10.4 ounces (View shipping rates and policies)

Customer Reviews

Tom Parker is an author and illustrator who has written three volumes of *Rules of Thumb*, which *The Wall Street Journal* called a "brilliantly successful sample of our hidden intellectual resource." He is an IT specialist at Cornell University, a contributing writer for *Make* magazine, and a flight instructor. He lives in Ithaca, New York.

Some of the rules of thumb are helpful. A lot of them are not very good. "How to tell if a ghost is real?" Gimme a break.

Best little book since Murphy's Laws

Bought this as a spare Christmas gift and everyone was fighting over who could read it next! Fun, factual and practical, great price and speedy delivery too!

I don't know what it is with some of the so-called reviews of this book. They were written long before the book was even published. needs to get its act together and clean up the review process. For all of you potential readers out there, here is a REAL review of this book: Rules of Thumb is more than a book. It is a toolbox of shortcuts. There are a number of things I like about the book, starting with how it feels. It is small and fits in the palm of your hand. Set it on your kitchen counter, and it makes a great conversation starter when guests come over because no one can resist picking it up. It is fun because it is full of pictures. Use the index to find the rule you need. Best of all, Rules of Thumb compiles the advice of people who have learned from experience--so you don't have to. In this time of penny pinching, it will make a great stocking stuffer. I'm getting one for each member of my family.

It covers everything you need to know in one or two sentences.

Great Little book! Informative and a hoot to read! Bought a couple to give as gifts!

I have enjoyed the book this past year and so have bought 8 more for friends and family for Christmas.

An entertainig book.
