## Customer Reviews

Cute book for my 2 year old son.

I love DK touch and feel books, and this one does not disappoint. My 13 month old loves interactive books with textures to feel!

1 year old loves this book! It's short and had no story line whatsoever but she will pick it up and go through it on her own.

My kids have loved the touch and feel books and they have held up remarkably well to the demand of two young boys! Now ages 2 & 4, these books are still high on their lists of fun books to look through when we ask them to pick short stories at bedtime. They love the textures in the books and the photographs (instead of lifelike drawings). Over the years, these books have stood the entertainment test at our house!

I wish the areas to touch were bigger but overall very cute book and my 6 month old son loves it!

these books are always a big hit with the toddler crowd. I had these and my daughter had these too. This brand is the best for touch and feel and they publish a large variety.

It has a "feel" on every page which is great. Cute book overall.

Can't wait to start sharing this with my new grandbaby - lots of beautiful animals and fun textures for him to play with.
