Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I have had the book for a week now. I am a beginning cello student (about 18 months of cello lessons). Some pieces are pretty easy and others a little more challenging. I would say that this book is for the beginner, with some lessons under his or her belt, and to intermediate level, but not to the newest beginner. The pieces are written in different scales. There are a couple of songs that I don't know the scales to. Luckily I have a teacher and will ask her. This book is fun, especially if you

like disney songs.

It had a lot of great songs. The songs were easy to play. My mom loves Disney. She does cruises, Disney runs. She's had disney passes at least 5 years. I was able to play some songs to really connect with her using what I learned in my Cello clases

This is a really well written book for students or those that just want to read through these tunes. Lines are spaced out enough to jot down notes/comments. Paper is thick, printing is large and easy to read. Would highly recommend!

Thanks to other reviewers ... helping me decide to buy this book. My daughter loves it and best of all she practices cello on her own! the only thing I wish: spiral binder for easier to place flat and stay better on music stand.

This was a present for my niece (who plays the cello and is a huge Disney fan).She was really happy with the gift. She's been playing for a couple of years - and this wasn't too difficult for her (a stretch - but not an impossible one)

I love this book. I also have the violin version and it is fun to play through with my students. It really keeps them interested and involved.

This is a great book for an advanced-beginner to intermediate cellist to practice on. There is a wide range of songs for Disney fans of any age to enjoy. My only complaint is that many of the works are the writer's interpretations of the melody and not the original composition and so a lot of the songs are incomplete and some have awkward notes that don't sound quite right.Overall, if I could do it over, I would buy the book again, I just wish some of the songs were more complete.

Was disappointed that this book only provides the melody lines and not the actual cello music.....
