Great book!

I absolutely love this book! So many great recipes & info about clean juices & smoothies. My favorite smoothies are chocolate PB monster & lemon-blueberry bliss. I look forward to having them each time! I also love how easy the ingredients are - super simple things you can either buy @ any grocery store or health food store. Great book!

This book has so many wonderful smoothie recipes. I have tried several and I love how healthy and tasty they are. Would definitely recommend!

I use the Nutribullet with Candice's smoothie recipes and I haven't found one I didn't like yet! I prefer to create smoothies instead of juices, but many "green" books out there only have juice recipes.

This book has an equal amount of each and would be perfect for someone who likes to juice, blend, or BOTH! Highly recommended!

Who needs another cookbook, or in this case smoothie book. I didn't think that I did, but after having numerous fails with smoothies, I decided recipes will get me more proficient with their mixology. I have enjoyed the few recipes from this book that I have used.

I was a strict green smoothie girl. It was me and my vitamix everyday until someone gave me a Breville Fountain of Youth juicer. This book features green smoothie recipes and juice ones! Sure you can just juice everything in your vegetable drawer or blend everything in you freezer but will it taste good? All of these recipes are great with easy to find ingredients and helpful nutrition information.

We purchased a Ninja blender several months ago and couldn't find easy, great tasting smoothy recipes until now. Stumbled upon her book on my Facebook feed and ordered it. I'm so happy I did. I chose a few recipes to start, picked up a few special ingredients and wa-la! Thanks Candice! Cheers!

I love the ideas for the green drinks. I have a least one every day which usually replaces a meal--lunch or breakfast. Great ideas!!
