One Chance: Tales From The African Bush

Synopsis

The third book about Nokuthula, bringing the adventure, the humour and the pathos experienced while living in the wilds of Africa. The familiar group of characters appear again, as do a few more waifs and strays. The plight of the rhino takes centre-stage in One Chance, bringing awareness to the risk they face on a daily basis.

Customer Reviews

good read

Fantastic reading. It's as if the wild animals are part of the family. Respected and loved by the author. I wish I could go visit his Africa.

This series of 3 books were worth every penny. I try to read as many free books as I can. I have certain authors I follow and pay full price for. I was looking for animal stories as I had finished all the

free ones I could find in a bunch of different categories. I got a sample of the first book and it was fantastic so I purchased it. Then I read the other two. I couldn't believe that he eventually lost his African game ranch he had nurtured for much of his adult life. He was screwed by his girlfriend of many years and his best friend. They took him to the cleaners and emptied bank accounts, they had taken a huge loan out. Just disgusting. These are so rich in game sighting, insights and such a wonderful story I read all three book almost back to back. I slept for a couple of hours, then picked up the next book. They are long books so you really get a big bang for your buck. I can highly and without reservation recommend this book. I Hope you enjoy it as much as I did.
