# KYOTO WITHOUT CROWDS: A Guide To The City's Most Peaceful Temples And Gardens

## Synopsis

Western tourists rarely see more of Kyoto than a handful of famous sites – “ lovely but often crowded to bursting point. And far from peaceful. If you are willing to step just a short way off the beaten track, there is a different city to be explored. A few minutes from the tour buses you can find modest temple gates that open on to courtyards and gardens of mesmerizing beauty. Most tourists are quite unaware of them. The aim of this guidebook is to highlight the best of these places and to provide enough information to help you enjoy them. The book is designed with multiple links for quick reference on smartphones or tablets and the layout makes it easy to check what is nearby when you visit any of the city’s major tourist sites. Please have a glance at the free sample to see what the book is like and which temples are included. Ian Littlewood is the author of a number of other books, including Venice: A Literary Companion, Sultry Climates: Travel and Sex since the Grand Tour, and The Idea of Japan: Western Images, Western Myths. Travel > Asia > Japan #271 in Books > Travel > Asia > Japan > General

## Customer Reviews

"A book written out of love for its subject, and for those who want to depart from the well trodden tourist trails. The secret temple gardens of Kyoto prove the paradox that the real spirit of a place is rarely where travellers congregate, or where tour operators send them. The garden in any country is at once an escape from culture and an expression of it, and the Littlewoods show how this is especially and intriguingly so in Japan. Knowledgeable in a way that facilitates rather than overwhelms, this is a guide that will prove not just invaluable when you are there, but tempt you to go in the first place. Highly recommended."

Doesn't have anything on the big tourist sites, but if you want to see one or two of the more hidden temples, this is a really useful guide. Picks out some great places and worked well on a tablet.
