Superficial: More Adventures From The Andy Cohen Diaries

Synopsis

The star-studded and sidesplitting follow up to *The Andy Cohen Diaries* The megapopular host of *Watch What Happens: Live* and executive producer of *The Real Housewives* franchise is back, better than ever, and telling stories that will keep his publicist up at night. Since the publication of his last book, Andy has toured the country with his sidekick Anderson Cooper, hit the radio waves with his own Sirius station, *Radio Andy*, appeared on *Real Time with Bill Maher* despite his mother's conviction he was not intellectually prepared, hosted NBC's *Primetime Live* Year's Eve special, guest edited *Entertainment Weekly*, starred in *Bravo's Then & Now* with Andy Cohen, offended celebrities with his ongoing case of foot-in-mouth disease, and welcomed home Teresa "Namaste" Giudice, from a brief stint in jail. Hopping from the Hamptons to the Manhattan dating world, the dog park to the red carpet, Cardinals superfan and mama's boy Andy Cohen, with *Wacha* in tow, is the kind of star that fans are dying to be friends with. This book gives them that chance. If *The Andy Cohen Diaries* was deemed "the literary equivalent of a *Fresca and tequila*" by Jimmy Fallon, *Superficial* is a double: dishier, juicier, and friskier. In this account of his escapades—personal, professional, and behind-the-scenes—Andy tells us not only what goes down, but exactly what he thinks of it.

Customer Reviews

"Andy Cohen isn't afraid to talk about anything in his life....the TV exec-turned-talk show host still manages to bring new meaning to the words "tell-all"....*Superficial* serves up an irresistible inside

look at his glamorous, celebrity-packed life." •People• œ[A] gleefully name-dropping book• •W Magazine• œAndy Cohen doesn't hold back• |[he] promised his third autobiographical book would be 'bigger, better and dishier.' True that• |.entries offer fabulous snippets from Cohen•™s fabulous life• •NY Daily News• œHis books are so funny, and he is one of the few authors who really make me laugh out loud.â •Anderson cooper, for Architectural Digest"Remember that time you bought a pint of chocolate-chip ice cream, and you said you were just going to take a couple of bites, and then you ate the whole thing?...Yeah, that•™s what reading Andy Cohen•™s third book is like. It•™s tasty and hard to put down"â •Booklist

Andy Cohen is the host and executive producer of Watch What Happens: Live. He is the executive producer of The Real Housewives franchise and hosts Bravo's highly rated reunion specials. He tours nationally with Anderson Cooper on AC2, hosts Then & Now with Andy Cohen on Bravo and Radio Andy on Sirius XM. He has won an Emmy and two Peabody Awards for his work. The author of two New York Times bestsellers, Most Talkative and The Andy Cohen Diaries, he lives in New York City with his dog, Wacha.

I really enjoyed Andy's last book, but this one is too much----too many unknown names (even though some of them like SJP, Anderson, Kelly, Mark, DVJ, etc. can be deciphered), too many marijuana "lollys", too many trips to bars, restaurants, parties, men, etc. I almost gave up halfway through this book, but soldiered on until the end. I hope this will be the last diary and hope he has at last found happiness with the Brazilian Andy Samberg and will, at some point, realized how very fortunate he is to live such a charmed life. I really like Andy Cohen, but he has definitely reached a point of very "shallow" and not very "deep".

I love Andy Cohen, BravoTV and all things pop culture. I kept trying to get through this, but it wasn't very interesting. This is the same format as his last book. Besides his day-to-day diary of his daily activities and which celebrities he hangs out with, it didn't have much more to keep my interest. It was apparent he was trying to keep from giving too much info about his celebrity friends and gossip, which is more interesting than his diary & daily schedule. I kept putting it down from lack of interest.

I've read all of Andy Cohen's books. This one appears to me as a stream of conscienceness on speed. I think I have a love/hate thing with AC. I admire his politics and his ability to have a pulpit for them. I don't admire his stereotypical gay man in a bar attitude. His shaming of people who aren't

attractive to him is sad. I also see his overuse of drugs and booze to be typical social scene. He tells us he's wealthy. He tells us he's hung. I found out he's a power top. There is often TMI. This book was difficult to decipher. He talks about people I guess his readers are supposed to know. I had to Google each name and his relationship to them. Finally I found a chart that explains some of these names. It might be a generational thing. (He was born during my Junior Prom.) I was distressed by his disloyalty to friends and associates. Are celebrities bothered by their fans? Also, in this book I don't think the man breathes. I got dizzy trying to follow his daily routine. Breakfast here. Brunch next. Lunch at trendy restaurant. Gym next. Dinner, meeting, massage. He becomes involved with a bright young man 20 years his junior. I was left wondering if he was going to marry him or adopt him. It's basically a dizzy read. You sort of live vicariously through him, but slow down. I do admire his relationship with Wacha. Rescuing him does give him extra points.

I did not enjoy this book at all. It wasn't even superficial. It was boring. I enjoyed the first book, but I might as well have read the first one again. Nothing new or fresh about this book.

First let me say, I love everything Bravo so I was going in a fan and wanted to love it. But it was a little overhyped and if Andy wasn't over himself by the end - I was. It becomes whiny in places where no one can possibly be empathetic. (Sorry, not sorry Andy that your closet is palatial)? I kept expecting tales of fun escapades or crazy housewives adventures. Doesn't happen. It's a daily diary of who he saw & where - but nothing salacious like I thought. It's good if you enjoy Bravo & Andy but it's not everything I expected. I wanted so badly to love, but came away with like.

Same anecdotes, same name-dropping, same fabulous life we are apparently presumed to be so interested in that the complete absence of any real-self reflection shouldn't bother us. But for those of us who were fans, the hope of seeing our playboy about town mature beyond his grinder, pill, dope popping nights on the tiles will disappoint. It just made me feel sad. Grow up, Andy, and when you do - write a book then. That might be something worth reading. This isn't it.

I love Andy and everything about him. I thought it would be a book I could not put down. Having a hard time getting through it

I love Andy Cohen but had trouble making it through this book. The title fits the book perfectly as I found his focus extremely superficial and careless. Personally for me, it was more frustrating to read

than a needed escape from the challenges of today's world. Considering his political viewpoints, parts of the book seems extremely hypocritical
