Good dictionary but too fat. It's a bit hard to handle. But, it had great derivations, which is what I use it for.

Have been using the Webster's New World dictionary for years---decided to upgrade to the--"5TH Edition"--Webster has added at least 44--New Pages--Reduced the Print--"Size"--Making the Fifth--Edition Dictionary--almost un-useable ---(useless) Tried to give it away to family members-No one would even take it off my hands-- Thanks---Ken----

TOO, TOO, Too tiny to read!

Print is much too minute for me. I have a very difficult time reading it. Need to use a magnifying glass.

Good to have on hand.

Best Dictionary Ever. Has evolved over the past decades. Intuitive and Easy to read pronunciation guide with the most clear, precise definitions ever. Used by major publications like Associated Press, NYT, WSJ, etc. Can't recommend it enough. Sad that they don't have digital versions of the dictionary that can be integrated with word, etc. (even though AP Style Guide seems to have something that I haven't tried).
