## Customer Reviews

Do you have enough 80's in your life? Of course you don't! You NEED this coloring book. There is a ton of great 80's fashion here but it's the little details that really make me love it... the trapper

keepers, the fanny packs, the VHS tapes, the keytars!! Oh wow. I didn't think anything could top Lighburst's 70's fashion coloring book but they did! There's even an 80's playlist to get you in an 80's mood while coloring!

This book is so much fun to color and reminisce about 80s fads and fashions. I can remember wearing a lot of these clothes! The coloring pages are extremely detailed and I will get many hours of coloring enjoyment. I recommend this book to anyone who grew up or remembers the styles of the 80's or even for fashion and design people. You definitely won't be disappointed as the pages are great. Also, totally love the 80s playlist at the beginning.

There are lots of reviews saying what I'm going to say but this coloring book is fun and beautiful. This is a must, for anyone that loves the 80's and coloring... The happy images took me back to my childhood, I feel happy every time I open the book. Many pages to color, with lots of details. Let's keep coloring Yay :)

This is a totally 80's book!! It will bring back lots of memories too of growing up in the 80's! Pages are single sided on thin paper, so if you are going to color with the pages in the book, I would recommend putting a few pieces of paper behind your page you are coloring. Sure to bring lots of coloring fun!

nThis is a great book! I had picked up a 60's & a 70;s book and this one is just as enjoyable to color in!!!!

I love this coloring book. The pictures are very detailed and remind me of my childhood in the 80's. I own about 30 adult coloring books but this is by far my favorite.

Great drawings to represent the 80's. Good mix of people, objects, and patterns. Some specifics included too like references to Ghostbusters, Care Bears, etc.

This is a must have for any child of the 80's! The illustrations are wonderfully illustrated one side of nice paper. A great book!
