Mermaid sticker pages are labeled for corresponding pages and girls enjoyed guiding themselves through each princess life area. However the stickers do not seem reusable and the short play-life doesn't seem worth the \$.

My daughter loved this sticker book. We are done putting all the stickers on it (*the stickers are not as "reusable" as advertised!) But she still likes reading the pages and looking at the pictures. I liked how the stickers were numbered by the pages that they belonged on.

I bought this book for my two year old to keep her entertained on a plane ride. She loved it! I also

bought one for my 5 year old niece who had a ton of fun with hers too. I plan on buying my daughter another one soon. This book comes with several themed pages for the kids to decorate using stickers. For example, there is a bedroom page and tons of stickers to decorate the bedroom with and there is a mermaid cowboy ranch page with lots of matching stickers to decorate that page with. I love it!

Fun sticker book for a little girl who absolutely loves mermaids, especially since the stickers can be moved from page to page and repositioned.

It served its purpose, however the stickers did not stick very well.

Very sweet. My 4 1/2 year old enjoyed it.
