Under The Sea Scratch And Sketch: An Art Activity Book For Imaginative Artists Of All Ages (Scratch & Sketch)

Synopsis

Learn amazing facts and get creative as you discover and draw 20 fascinating creatures of the deep blue sea! Use the wooden stylus included to scratch away the black coating and draw starfish, angelfish, sea turtles, sharks, blue whales, sea lions, seahorses, octopi, and many others. Watch them come to life with colorful fish patterns, rainbow swirls, and holographic foils that appear from beneath the black coating like magic! Note: This is NOT a Trace-Along title; it is best enjoyed by kids who are comfortable copying the drawings. Includes 20 black-coated scratch-off art board pages: 10 with gold and silver glitter colors beneath, and 10 with multi-colored swirl colors and fish patterns beneath. 20 drawings and descriptions of sea creatures. 20 extra pages for doodling your own. Recommended for young artists ages 6 and up. 6-3/8" wide x 8-1/2" high; wire-o bound hardcover. Non-toxic: Potential eye irritant. Avoid inhaling particles of scratch coating. Not for children under 5 years. Meets all applicable safety standards.

Customer Reviews

There are other Scratch and Sketch books, maybe a little more challenging. This was purchased for a 9yr old and was completed in less than 30 mins.

My daughters love these scratch art books. I got this one for my 10 year old so she could try to copy

the picture free hand. She had a lot of fun doing it and was very proud of the result. Great for long car trips and plane rides. It makes a little bit of a mess with the scratch off stuff so put something down underneath where they are working.

These are great quiet activity books for kids to use at church or on long car rides. I always keep one or two handy "just in case." ã Â Â^Â%.

My grandchildren loved this book, kept them busy for hours. better than them playing video games that's for sure! Thanks

There's an informational paragraph on the lefthand page with a picture underneath it. There is black scratch paper on the righthand page. My son is 5 years old and loves it. He looks at the picture on the left and draws it on the right. It is great for kids who enjoy drawing and want to practice their skills in a very fun way. I definitely recommend!

My daughter loves all things "sea," especially the creatures. She plays with this book all the time. Only bad thing is when she decides to draw with her fingernails. Lovely black stuff that's hard to clean out. That's not the book's fault, though. I still let her keep it but really try to get her to use the drawing stick that came with it. If you have a young one who might put their fingers in their mouths, you might want to wait until they're a bit older. Other than that, it's 5 stars because the user--my daughter--enjoys this immensely!

Purchased for a young child. I thought it would contain outlined pictures to color but the pages were blank.

I got this for my 9 year old granddaughter for a trip we were taking. It occupied her for hours! She loved it!
